	RCM ProAktiv, Advanced Reliability Centred Maintenance				
	(Please see footnote for computer requirement)				
	Please note that this course has a pre-requirement. Students				
	must already have completed both C702 and C903 before				
	enrolling for this course.				
4	This is to ensure that participants will adequately cope with		1st course	29 May - 2 June	
C904	the course content. Exceptions to this rule is possible, but will	5 days			R19 156
\mathcal{S}	have to be suitably motivated.	,	2nd course	4 - 8 September	
	This course thus builds on the foundation already established				
	in our C702 and C903 courses. Apart from shortly revisiting				
	the Reliability and RCM foundations, the student should be in				
	a position to quickly grasp and use the advanced concepts as				
	taught in this course.

Diploma in Maintenance Management				ehensive information on our selection of 6 diplomas, visit our website at terotechnica.com	R74 365

Footnote: Students enrolling for the following courses: C501, C702, C901, C903, C904, S801, S804 and S813, must be in possession of their own laptop computers. Computers supplied by employers often have safety features installed which prevent students free access to all the programs and functions required for the course.

In-house training:

- Please note that considerable savings, both in time and money, can be brought about by having any of the above courses presented inhouse. Attractive discounts are offered. Please contact us for quotations. Terms and conditions apply.
- 2. Comprehensive information regarding all diplomas and courses is available on our website at terotechnica.com
