C904	RCM ProAktiv, Advanced Reliability Centred Maintenance (Please see footnote for computer requirement) Please note that this course has a pre-requirement. Students must already have completed both C702 and S801 (or C903) before enrolling for this course. This is to ensure that participants will adequately cope with the course content. Exceptions to this rule is possible, but will have to be suitably motivated. This course thus builds on the foundation already established in our C702 and S801 (or C903) courses. Apart from shortly revisiting the Reliability and RCM foundations, the student should be in a position to quickly grasp and use the advanced concepts as taught in this course.	5 days	1st course 2nd course	30 June - 4 July 1-5 September	R21 118
